1955-56 EUCLID DIRECTORY

Sponsored by the

Euclid Junior Chamber of Commerce

This directory is published in the interest of the people it serves. The Euclid Junior Chamber of Commerce hopes this directory will be of great aid to you in knowing your city better and that it will help make your buying easier through use of the classified buyers section. The classified advertisements have made this publication possible and, we believe, merits the support of the consumer.

Each of these sections covers up-to-date information concerning its particular use and has been obtained by actual survey. Maximum accuracy has been our goal but we cannot assume responsibility for errors or omissions. Should there be any errors we would appreciate your advice in writing so that corrections may be made in time for the next annual issue.

Seventeen thousand copies of this directory have been distributed FREE to the residents and businesses of this city covering a combined population of over 63,500 persons.

This directory is not connected in any way with any telephone company or city directory publishers. It contains free residential listings and information . . . paid business listings and advertisements. It is intended as a Euclid Jaycee civic contribution.

Additional copies of the directory are available by writing the Euclid Junior Chamber of Commerce, P.O. Box 4006, Euclid 23, Ohio.

Euclid Junior Chamber of Commerce.
City of Euclid, Ohio.

Gentlemen:

I doubt very much if it is possible to enjoy community living to its fullest without complete knowledge of the facilities available.

The Euclid Junior Chamber of Commerce in preparing a directory has, it seems to me, stressed material easily accessible to the citizens of Euclid, so that they may find and take advantage of the many religious, cultural, educational, veteran and service organization activities, as well as the work opportunities in our many industrial and business establishments.

It is, I am sure, the desire of each of us to do everything possible to make ours a community in which we are proud to live, worship, educate our children and find recreation.

May I compliment you on what I believe to be a worthwhile project.

Sincerely yours,

Kenneth J. Sims
Mayor

ARTICLE IV, CHARTER, CITY OF EUCLID THE MAYOR

Section 1. QUALIFICATIONS AND TERM OF OFFICE

The chief executive power shall be vested in a Mayor, who shall be an elector of the City and shall have resided in the City continuously for a period of at least the one year immediately preceding his election. He shall be elected for a term of four years, to commence on the first day of January next after his election.

Section 2. POWERS OF THE MAYOR

A. Judicial Powers

Until such time as a municipal court shall have been established for the City of Euclid, the Mayor shall have all the judicial powers granted to mayors of cities by the Laws of Ohio.

B. Mayor's Right in Council

The Mayor, his directors, and department heads shall attend all meetings of the Council. The Mayor may introduce ordinances and resolutions in the Council and take part in the discussion of all matters coming before it. He shall make such recommendations to the Council for the welfare of the City as he deems wise.

C. Veto Powers

Every ordinance and resolution of the Council shall be signed by its President or President pro tem and shall be presented forthwith to the Mayor by the Clerk. If the Mayor approves such ordinance or resolution, he shall sign and return it, but if he does not approve it, he shall return it with a statement of his objections to the Council, who shall enter his objections on its journal. The Council may then reconsider the vote on the passage of such legislation not later than at its next regular meeting. If, on reconsideration, it is approved by two-thirds of the members of Council, it shall become effective. If any ordinance or resolution shall not be returned by the Mayor within seven days after it was presented to him, it shall become effective in the same manner as if he had signed it on the last day of the seven-day period. The Mayor may disapprove any item or items of an ordinance making an appropriation of money, and the item or items so disapproved shall be void unless repassed by the Council in the manner herein prescribed.

D. General Powers and Duties

The Mayor shall exercise supervision and control of all the executive departments and divisions of the City. He shall be the chief conservator of the peace within the City and shall see that all laws, ordinances, and resolutions are faithfully obeyed and enforced. He shall have the power to appoint, promote, transfer, reduce, or remove any officer or employee of the City, but such power shall be subject to the other provisions of this Charter, or to the Laws of Ohio where it is beyond the competence of this Charter to provide; and such power of removal shall be exercised over a member of a Board or Commission, after complaint and hearing, only for neglect of duty, incapacity, incompetency, or malfeasance in office.

The Mayor shall submit to the Council an annual estimate of revenues and expenditures, and he shall advise the Council as to the financial condition and needs of the City, including necessary appropriation measures. He shall see that the terms and conditions of any franchise or contract to which the City is a party are faithfully kept and performed. Unless otherwise provided by ordinance, he shall execute all contracts to which the City is a party. Together with the Director of Finance, he shall execute on behalf of the City all conveyances and evidences of indebtedness. At the first regular meeting in January of each year, and at such other times as the Council shall direct, he shall report to the Council concerning the affairs of the City.

Section 3. VACANCY

During such period when the Mayor is absent from the City, or is otherwise not accessible, or is temporarily unable for any cause to perform his duties, the order of succession as Acting Mayor shall be as follows: Administrative Director, Director of Service, Director of Finance, and Director of Law. In case of the death, resignation, or removal of the Mayor, the President of the Council shall become Mayor, and his office as Councilman shall thereby become vacant. He shall serve as Mayor until a successor for the remainder of the unexpired term is elected at the first regular municipal election, if such election is held more than one hundred and twenty days after the vacancy shall have occurred. Otherwise he shall serve for the unexpired term.

THE JAYCEE CREED

We Believe:

That faith in God gives meaning
and purpose to human life.

That the brotherhood of man
transcends the sovereignty of nations;

That economic justice can best be won
by free men through free enterprise;

That government should be of laws
rather than of men;

That earth's great treasure
lies in human personality;

And that service to humanity
is the best work of life.

EUCLID CHAMBER OF COMMERCE

A Euclid Chamber of Commerce—an organization that many citizens have for years believed our city needed—has been organized from preliminary meetings sponsored by the Euclid Junior Chamber of Commerce. Over three hundred members representing the three types of Chamber Memberships are organized to advance the civic, commercial and industrial interests of the City of Euclid. The Industrial division includes representatives of Manufacturing Companies and Manufacturer's agents. The Commercial division includes Merchants, individuals operating for profit, and professional men. The Residential division includes any resident in good standing. This last division is perhaps the least well known of a Chamber's activities.

Standing committees of the Chamber point up the fact that every citizen is involved in its activities. These committees include Solicitation, Education, Legislation, Public Affairs, Public Health, Taxation, Zoning and others. The Euclid Chamber of Commerce serves as a clearing house for information to and about Euclid businesses such as whether certain items can be bought in Euclid or concerning the reliability of certain merchants or merchandise. As a liaison between property owners and their governments the Chamber serves to preserve property values, and work with city officials to improve parking and traffic conditions. Officers for the year 1955 are as follows: Ralph G. Davis, president; Stan Minoras, vice president; John Burchard, vice president; William Crowell, vice president; Robert Palmer, treasurer; William Baldrige, executive secretary.

CIVIL DEFENSE

CIVIL DEFENSE IN EUCLID POSES TWO PROBLEMS

1. Protection of its citizens through indoctrination of all civilians in First Aid, Fire Fighting and proper policing under conditions that would occur in the event of an atomic attack or major catastrophe.
2. Protection of industry so that production would be a continuing process under the most stringent circumstances.

Looking to these two objectives, Euclid, under the leadership of Mayor Kenneth Sims early in 1951, set up a Civil Defense organization for the purpose of protecting Euclid citizens and their properties.

MEDICAL CENTERS HAVE BEEN SET UP IN STRATEGIC AREAS

First aid classes have been promoted and are in progress now. Air raid wardens have been trained (not yet in sufficient numbers). Auxiliary police and fire forces have been indoctrinated and clean-up forces (bulldozers, etc.) radio and communication teams have been organized so that the citizens of Euclid will be able to cope with possible atomic bombing contingencies.

Of course, it should be realized that the job of preparing for major dislocations is never finished. Euclid can still use air raid wardens, fire fighters, communication men, first aid teams, litter bearers, ground observe corpsmen and women, and all the other personnel needed to handle large-scale disasters.

You who read this can sign up for Civilian Defense Activities and training by calling Coordinator Ernest Peters at RE. 1-1234. Call Captain Peters at the City Hall for speakers to address meetings and give full information to local groups on Euclid Civilian Defense Activities.

Your help is needed to: 1. Delay the Kremlin time-table if there is Red intent to make Euclid a target area; 2. To be able to protect your family in those first minutes of an atomic bomb attack.

It is your duty to yourself, your family and the Community to become active in Civil Defense in Euclid. SIGN UP.

JACK OHNEMUS
Euclid Civil Defense Director

THE HISTORY OF EUCLID

EARLY HISTORY

The early history of Euclid is closely knit with events of the New England territory of the 17th Century, particularly the area later known as Connecticut.

An English patent granted to the New England proprietors in 1620 included land ranging almost from Philadelphia to a point beyond Montreal.

The Dutch, who were the first to explore the Connecticut region, built a fort in 1633 which they called the "House of Hope." They purchased the site from the Indians, and it later became the present site of Hartford. When the English attempted to settle there that same year war seemed imminent. Settlement finally was made by the sale of the fort to the New England proprietors, and Connecticut freely opened to the New Englanders.

Windsor, previously established by the English as a trading post; Saybrook and Hartford threw off the New England government in 1637, and were joined the next year by New Haven.

Until 1661-62, the settlements of the Connecticut area were practically independent. In 1662, however, Governor John Winthrop returned from England with a new charter granted by Charles II, and soon all the settlements were united under one government.

The charter gave to Connecticut a strip 60 miles wide extending westward to "the great southern ocean," or the Pacific. The portion in Ohio was more than 3,600,000 acres and still is known as the Western Reserve.

However, the lands embraced within the present boundaries of Cuyahoga County had previous claimants. They were claimed by the English by reason of Cabot's discovery of North America in 1497, and Virginia claimed title by reason of the charter granted by King James I in 1609. They were claimed by the French, by reason of exploration, occupancy and settlement by Le Caron in 1616; by Marquette in 1668 and by La Salle in 1669. French rights were ceded to England in the Treaty of Paris in 1764. Virginia ceded her claims, except for a small reservation in Southern Ohio, in 1784, a year following England's relinquishing title to the U. S. in the Final Treaty of Peace in 1783.

Adding to the cloudiness of Connecticut's title was the action of King Charles, who ceded the same territory brought back by Governor Winthrop in 1662, to his brother James, Duke of York, two years later. The Connecticut Colony promptly had their document in the hollow of a tree which was famous afterward as the "charter oak". In 1786 the State of Connecticut surrendered this practically unknown territory of the Northwest to the United States Government.

Title to the vast area of the Western Reserve was purchased in September, 1795, by a group of land speculators known as the Connecticut Land Company, at forty cents an acre. The sale was made upon credit, supported by bonds and personal notes.

General Moses Cleaveland, of Canterbury, Connecticut, was one of seven directors. Commissioned by his fellow speculators to deal directly with the Indians, he left with a party of fifty surveyors and helpers, and July 4, 1796, the group had reached Conneaut Creek, Ohio.

Cleaveland pressed westward with a portion of his men to establish the Capitol of New Connecticut at Cleveland, and reached the Cuyahoga River on July 22nd.

Here word reached him that dissatisfaction existed in the group remaining at Conneaut, who demanded higher wages, and threatened a form of mutiny. Cleaveland, doubtless without authority, made an informal agreement to divide land east of Cleveland among forty-one men at a cost of one dollar an acre.

The township to be created was to be known as Euclid, in honor of "The Father of Mathematics" and the Patron Saint of all surveyors. The agreement stipulated that eleven families would build homes in 1797, with two acres of wheat to be sown around each house. Eighteen additional homes were to be built and eight acres of wheat were to be sown.

With Seth Pease, astronomer and surveyor as chairman, and Moses Warren as clerk, the forty-one proprietors went immediately into session. At this meeting it was decided the duties of settling would be assumed by Seth Pease and ten others in 1797; by Moses Warren and seventeen others in 1798 and by Amos Spafford and eleven others in 1799.

One of the first settlers was David Dille, who built a log cabin in 1797 in the vicinity of what is known as Dille Road. In 1836 the log cabin was replaced by the Dille Home, a large residence of Colonial architecture.

Euclid Township was incorporated in 1809. The first record bears the date of April 2nd, 1810.

EARLY SETTLERS

Seth Doan came to Cleveland in 1797. Timothy Doan, his father, followed with his family to settle in Euclid Township in 1801. Nathaniel Doan, younger brother of Timothy, was one of the pioneers in settling Cleveland Township, a member of Cleveland's party of surveyors. He established his home at East 107th Street and Euclid Avenue, a log affair replaced in 1817 by a tavern erected by his son Job.

The early settlers built their homes well south of the lakefront, both in Cleveland and Euclid. The "Flats" of Cleveland along the Cuyahoga River banks, and the area adjoining the shore of Lake Erie has receded, geologists have found, from about Euclid Avenue to the present lakefront. There have been at least five different beaches, upon one of which Noble School now stands.

Cuyahoga County and particularly the mouth of the Cuyahoga River was a focal point in the migrations of the Red Man. His path along the south shore of Lake Erie was the principal trail in Cuyahoga County, and is identified by Euclid Avenue and the Detroit-West Lake Roads throughout their major portions. This path ran from Detroit and Toledo; West to Erie and Buffalo East, and was known as the "Shore Path" of the Red Man. It was the most important of all the Indians paths.

Next in importance was the "Salt Springs Path" which led from the "Shore Path" to Salt Springs. It is identified as Ontario-Woodland Avenue to East 55th Street, then across Kingsbury Run Valley diagonally to the heights of Newburgh; to Miles Avenue and Aurora Roads passing between Geauga Lake and Aurora Pond, on to Warren and Niles.

ORIGINAL BOUNDARIES

The original eastern boundary line of Euclid Township extended from Lake Erie, following a straight line southward approximately one-half mile west of the present Cuyahoga-Lake County line for a distance of 7.8 miles to Cedar Road. The Southern boundary followed the line of Cedar Road westward exactly five miles. From this point the westward boundary followed northward for a distance of 4.3 miles, approximating East 140th Street and the lakefront, now in Bratenahl. The Northern boundary followed the southern shore of Lake Erie connecting the two points at the lake edge.

Neighboring townships had been laid out in areas five miles square each, excepting Cleveland. Directly to the east of Euclid lay Mayfield Township; to the south, Warrensville Township, and to the west Cleveland.

Divisions of boundaries were roughly determined by terms similar to "near the saltworks", "Young's Sawmill" and "Gray's Hill."

EARLY RECORDS

Euclid's first industry likely was "the saltworks". It is believed to have been located on the east side of Lloyd Road, north of Lake Shore Boulevard, about one-third of the distance between the thoroughfare and the beach. At least there was a saltworks on a half-acre tract at this location, which in later years was used by farmers for grazing, and without apparent ownership. It had no

HISTORY OF EUCLID—Cont'd

right of way from either thoroughfare, and was acquired by the State of Ohio in 1907 in lieu of taxes.

The population of Cleveland in 1810 has been given as fifty-seven. In 1814 it had only thirty-four dwelling houses and places of business, a population of less than seventy, and covered an area of only three-quarters of a square mile. In 1820 it is given at 350.

No population figures for Euclid seem available, but since the records of the Connecticut Land Company called for forty-one families in 1799, and in 1815 poll records of Euclid show a vote of forty-two qualified electors, it is safe to assume that Euclid was quite a bit larger in 1815 than Cleveland.

The chief port of the Western Reserve, however, grew far more rapidly than in its subsequent years, beginning with the advent of the Canal in 1827. Cleveland's population in 1830 was 1,000, and 1840 was 6,071. In contrast Euclid's polled vote on October 31, 1828 was 169, and November 4, 1836 was only 285.

It remained a farming community until the passing of the grape growers to make way for industry.

CENSUS FIGURES OF LATER YEARS

Population has grown rapidly along with industry in the last decade. The census figures for the year 1940 show 17,538, and for 1950 there was an increase to show 41,376 people. There has been a further increase in the years since the census of 1950, Euclid in 1955 has a population of 65,000 people.

The amount of industry in the city is also a far cry from 1914, the year industry was introduced in Euclid. There are now ninety-four large and small industries most of which are centered around the Lakeland-St. Clair-East 200th-Lloyd Road area.

FORMERLY A GRAPE CENTER

By the close of the 19th Century, Euclid was known for the quality of grapes grown on its soil. While Concordes were in the majority, they included numerous types, both white and red. Acres of land were devoted almost exclusively to this industry. One of the largest vineyards was that of Schuster's; others being Isaac Newton's, covering the entire area now known as Eastlawn; H. M. Frissell's, a Civil War Veteran who brought directly from the Connecticut Land Company; Lilly Bros., four brothers whose vineyards were at Lilly's-on-the-lake, and Crozier's. Newton's old winery has since been remodeled into the Utopia Beach Club House. Newton's old packing house stood at the present site for an apartment building, East 200th and Fuller Avenue.

While the last of the vineyards did not disappear until the 20's, their doom was spelled with the arrival of the grape worm and industry in 1914.

Nevertheless, Euclid was still a grape growing center when it was incorporated as a Village in 1903. From twenty-five to twenty-eight cars of grapes left daily during the season over the Nickel Plate Railroad alone. Baskets stamped "Euclid, Ohio" were being sold as far west as Denver, Colorado at ten cents each. Growers finally were receiving four cents a basket, from which they paid two cents for the basket and one cent to the pickers. Vineyards were being operated at a loss.

Early farming included wheat, corn, oats, barley, butter, cheese, and some maize, while fruits included apples, pears, grapes, and berries. The subsoil was especially good for the growing of grapes, however, and while Euclid remained agrarian until about 1914, following the Civil War it was renowned as a grape center.

INDUSTRIAL BEGINNINGS

Agrarian from 1797 until 1914, although in the later years it was developing residentially, Euclid was finally recognized by industry for the natural advantages it offered. Level ground, good subsoil and underlying shale-rock meant little grading and firm foundations. Adjoining a growing industrial center of diversified nature, it had an excellent labor supply. Two trunkline railroads and three important highways solved transportation. An excellent water-supply and sewage system, with gas, electric and telephone utilities, and an interurban

electric transportation system for workers, Euclid round industry interested. Pioneer industries included Euclid Crane and Hoist, Euclid Road Machinery, Hillwood Manufacturing Company, and Cleveland Tractor.

CITY GOVERNMENT

Euclid's City Government was first under the direction of Mayor Henry S. Pickands, elected in the first election on April 6, 1903. The salary of the village's first mayor was ten dollars per year. Mayor Pickands was followed by Louis Harms in 1903; Ralph L. Fuller was elected in 1914 and resigned November 27, 1916; Colonel D. H. Pond was appointed to fill the unexpired term and served until 1922; Colonel C. X. Zimmerman was elected in 1921; Charles R. Eiy served from 1926 to 1938; Mayor Kenneth J. Sims has ably served Euclid as its first citizen since January 1, 1938.

A new Charter of the City of Euclid was presented to the voters and voted upon on June 19, 1951. For the purpose of nomination and electing officers of city and fixing the compensation of those to be elected in 1951, this charter became effective from the date of its approval by the electors; and for all other purposes the Charter became effective January 1, 1952.

SCHOOLS

Little or no information is available about the methods of teaching on the early 19th Century in Euclid. It is safe to assume, however, that progressive education for those times existed even then. The earliest records indicate the township was divided into school districts in 1828.

During the post Civil War period a small grade school of red brick stood on School Street. Other "Little Red School Houses," all a part of the Euclid school system, were the Coit Road School at Lake Shore Boulevard and East 200th Street; Noble School at the north-east corner of St. Clair Avenue and Babbitt Road; Number Five School on Euclid Avenue in the vicinity of Green Road; Number Nine School at Mayfield and Green Roads and Number Ten School at 260th and Lake Shore Boulevard, later becoming Upson.

The first high-school organized in Euclid Township held classes in 1868 within the School Street building. There were six pupils, with the teacher assuming the duties of principal and superintendent.

The first high-school building was built on North Street in 1894. It held its first annual commencement on May 28, 1897, with six graduates receiving diplomas.

As the population and industry have grown, the school system has also grown. Euclid now maintains eleven public schools and there are seven Parochial Schools. In September of 1949, classes started meeting in the fine new high school building on East 222nd Street. Students enrolled in Euclid Senior High School total 1,457, and the total enrollment of the public schools is 10,007 at the time of this publication.

EUCLID PARK AND CLUBHOUSE

Breasting Lake Erie, with a splendid community-house, a bathing beach and a fisherman's paradise, Euclid Park is recognized as one of the finest community centers in Ohio.

Euclid Park was originally acquired as a site for a sewage disposal plant. The area was intersected by a creek and covered with underbrush and weeds.

The facilities of the clubhouse are available to all civic organizations and others having a commendable purpose. These are in almost constant demand. The plan includes two large dining-rooms, one of which is available on occasion to organizations. A kitchen is well-equipped and a modern heating plant has been installed, while smaller groups may gather around a huge log fire on chilly evenings.

Entrance to the park is at Lake Shore Boulevard and East 222nd Street. The park conceals from view a modern disposal plant.

SCHOOLS

Ten years ago there were 5,139 pupils enrolled in five schools taught by 134 teachers. Today, Euclid has 10,000 pupils and 400 teachers in eleven schools. Euclid's schools are continuing to look to the future and they will be prepared to accommodate the ever-increasing enrollment. It is predicted the enrollment will reach a peak in 1960 of 17,558 children for which 565 teachers will be needed.

The Euclid school system consists of ten elementary schools, two junior highs, and a senior high school. There are at the present writing nine buildings with two others under construction. All buildings are relatively new or have very recently been modernized and rehabilitated. The Senior high school is one of the finest high school buildings in the county. This modern functional building is visited by educators throughout the United States.

A current policy of the Board of Education of constructing school buildings on a pay-as-you-go basis, from tax levies rather than bonds, avoids heavy expenditures for debt service. Euclid supports its schools: For more than 25 years Euclid citizens have continually said "Yes" to bond issues and tax levies.

The combined years of service of the present Board of Education totals nearly forty-five years. The long period of distinguished service by these citizens has provided perspective in solving the problems of a rapidly growing school system. The continuous service of the Board has fostered a thorough acquaintance with the development of Euclid's public schools in the past decade and provided opportunity for long range planning.

In spite of the physical plant, no school system is any better than the teachers and administrators on its staff. As in everything else concerning the schools, the School Board has done its utmost to obtain the best teachers and administrators available. The present professional staff headed by Dr. W. G. Fordyce, consists of some 432 persons classified as teaching personnel. Euclid's teachers have a background of scholastic training that takes them around the world. They have received their training in 156 colleges and universities in 35 states and many foreign countries.

Not only are Ohio Colleges well represented, but dozens of others scattered all over the United States comprise the list. The University of Amsterdam, University of Hawaii, University of Mexico, a teacher

training school in London, and the University of Zurich are included from abroad.

The list includes colleges of every type—municipal universities, denominational colleges, state institutions, eastern "Ivy" colleges, and schools in the deep South. This richness of background gives the Euclid teaching staff a tremendous potential for presenting an outstanding educational program.

The entire professional staff in 1952-54 made a complete study of the curriculum from kindergarten through the high school. The results of their study are now incorporated in twenty-five Teaching Guides totaling more than 3000 pages which constitutes a revised written curriculum of the schools. The Board of Education has consistently supported the educational program as developed by the staff.

The Euclid Educator, published monthly for the professional staff, contains articles explaining modern classroom practices and various achievements of Euclid teachers.

Each building has a library staffed by trained librarians coordinated by a supervisor of school libraries. The Euclid school library system, one of the most adequate in the country, contains more than 77,000 volumes. The Film Library has nearly 250 titles. Films are delivered twice daily to the schools.

The department of Pupil Personnel coordinates the services of a psychologist, 2 visiting teachers, a social worker, speech and hearing therapists, a physician, dentist and nurses.

In addition to the assistance of supervising principals, teachers have the help of supervisors of art, music, physical education, visual education and a director of instruction.

The Board of Education seeks to provide a salary schedule which will both attract a beginning teacher and encourage a professional career.

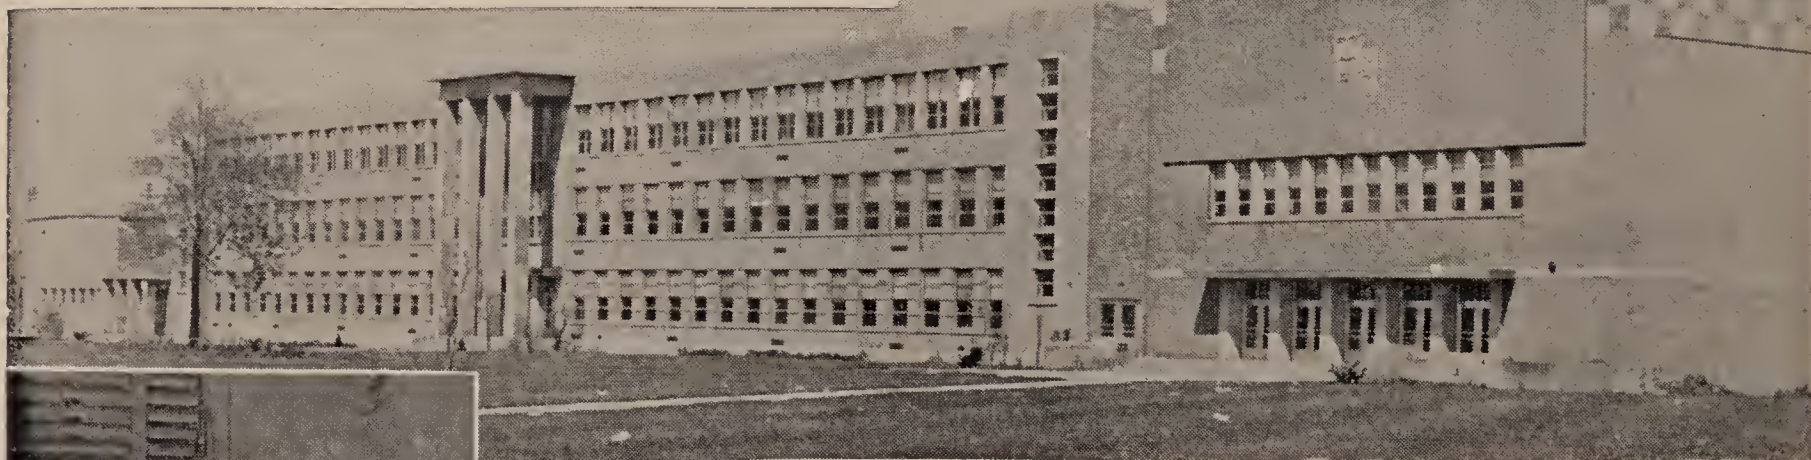

The success and excellence of Euclid's School System reflects the encouragement, approval, and interest of the community.

A comprehensive program of adult education under the supervision of a full-time director serves the needs of adults in Euclid.

A study of the guidance program has resulted in a broader program of counselling with a half-time man and woman counselor in each junior and senior high grade level.

RECREATION ACTIVITIES

An outstanding program of recreation activities in Euclid has been developed in recent years. Through the foresight and planning of the leaders of the community, a year around, well diversified, program has been made available to the citizens of Euclid.

Recreation classes and opportunities at all levels have opened the way to real community participation. A large number of leagues have been organized for those desiring competitive activities, while for others there are spots for relaxation and rest. Following is a summary of recreation activities and facilities. For detailed information contact the Euclid Recreation Department.

EUCLID RECREATION DEPARTMENT

Clifford E. Orr, Director

23131 Lake Shore Boulevard, R.E. 1-4527

Office Hours: Monday-Friday, 8:30-11:30 A. M. and
12:30-5:00 P. M.

LEAGUE ORGANIZATIONS

(Groups listed below are either wholly or partially sponsored by Recreation Commission):

Pigtail Basketball League (Girls, 13-15)
Girls' Basketball League (high school age)
Class "C" Basketball League (Boys, 16-19)
Class "F" Basketball League (Boys, 13-15)
Senior "B" Basketball League (Men, open)
Midget Hardball League (Boys, 9-12)
Little Hardball League (Boys, 9-12)
Pony Hardball League (Boys, 12-15)
Junior Boys' Hardball League (Boys, 12-15)
Class "E" Hardball League (Boys, 12-15)
Men's Hardball Team (Men, open)
Pigtail Softball League (Girls, 10-15)
Class "B" Softball League (Men, open)
Industrial Softball League (Men, open)
Easy Pitch Softball League (Men, open)
Volleyball League (Men, open)
Jaycee-Teen League, Softball-Volleyball (Boys, 13-17)
A.S.A. Travelling League-Softball (Men, open)

RECREATIONAL ORGANIZATIONS

Badminton Club
Upson School
October-April: Monday, 7-10 P. M.

SWIMMING

MEMORIAL POOL

Euclid's Memorial Pool offers a twelve-week, 1:00-9:00 daily recreational program to the community. In addition there are educational swim classes six mornings each week in the modern 75 ft. x 150 ft. beauty spot. Educational Program consists of:

- Children (over 4 ft. tall) learn-to-swim twice per week—
\$2.00 for 10 weeks
- Adult learn-to-swim one night per week
- Junior life-saving (Red Cross)
- Senior life-saving (Red Cross)

ROOSEVELT POOL

Roosevelt Pool, open from 9:00 A.M. to 6:00 P.M. daily except Sundays, is designed especially for children. For twelve weeks during the summer, morning swim classes and afternoon recreational swimming are open to youngsters 14 and under. Pool dept ranges from 1½ ft. to 4½ ft.

THE EUCLID Y. M. C. A.

The Euclid YMCA is one of 19 Branches of the Cleveland YMCA operating in Cuyahoga County. It was formerly chartered in February, 1950 with a Board of Managers headed by Ralph R. West and Dr. R. W. Erickson. The Exchange Club of Euclid was the original group to sponsor its formation.

After two years in rented space, the Branch offices were moved to the site at 631 Babbitt Road with a surrounding 6-acre tract, given by Frank Mavec, prominent Euclid builder. The citizens of Euclid contributed \$105,000 to the Cleveland YMCA Building Fund in June, 1954. The above structure will be started in the fall of 1955. During the construction period the YMCA will operate out of offices in the How and Why building, 22700 Shore Center Drive. The Y will continue to serve its 2300 members as a decentralized Branch with programs conducted in schools, homes, and churches.

Programs are designed for boys, ages 6 to 18, to develop Christian character in a Christian society. Indian Guide, Gra-Y, Jr. Hi-Y, and Hi-Y clubs are regularly organized along with camping, physical education classes, and educational classes under excellent adult leadership. This Fall the Y launched a program for young adults with Co-Ed activity.

The Euclid Branch is governed by a Board of Managers made up of 40 responsible men, with Robert C. Palmer as Chairman. Other officers and committee chairmen are Dr. R. W. Erickson, Frank B. Mills, Marshall Ralls, Harold Graafmeyer, Frank Welling,, and H. Robert Hale. The staff consists of Robert C. Carlson, Executive Secretary; Charles Daniels, Boys Work Secretary; and Mrs. Jane Prentergast, Office Secretary.

EUCLID'S CULTURAL FACILITIES

The culture available to the people of Euclid is interesting and varied, largely because of access to the events available in a city the size of Cleveland. Such activities include the legitimate theater productions, symphonic music, operas, and the various museums of Cleveland. But locally in Euclid there is a steady, healthy growth of cultural activities available to the residents.

Perhaps the leader of cultural development in Euclid is the Euclid Little Theater Organization, founded in 1946 by Mr. Roy Shields. Originally the Moss Point Players, the Euclid Little Theater Players have produced many excellent productions. Entertainment at monthly meetings is often furnished by the workshop players, the "kindergarten" of the group. Euclid Little Theater is supported entirely by the advertisements which appear on their programs, and sale of tickets for their productions. Mr. Donald Dreifort serves as their president.

Euclid City Lyric Guild has been active approximately five years. Directed by Mrs. Dorothy Vogel, the chorus, consisting of 30 to 40 voices, and the orchestra meet weekly to rehearse for radio and television appearances, and local productions. Membership is open to anyone who loves music.

With Mrs. Harold Rohricht as president and a membership of thirty people, The Three Arts Club of Euclid meets once a month to study and discuss art, music, and literature. This organization sponsors many worthwhile activities such as scholarships for local worthy artists; a Spring Art Show of work of local artists; and art classes for both children and adults held at the County Library. Membership is limited to thirty people.

The local organization of the American Association of University Women conducts study groups open to all women in these activities;

ceramics, creative writing, jewelry and enameling, local government, literature, international relations, and education. Mrs. Ralph Schurtleff, president, organized the local chapter in 1952 and it now has eighty-five members. Membership is open to any woman holding an approved degree from any A.A.U.W.-approved college or university. While their basic aim is to promote practical educational work, they also contribute to the A.A.U.W. National Fellowship Fund, and International Grant Fund. Meetings are held monthly at the County Library.

Other cultural activities center about the libraries of Euclid. There is the Euclid-Lake Shore Branch of the Cuyahoga County Library on East 222nd Street, and the Euclid Library System has adult branches at Roosevelt, Euclid Central, and Upson Schools. Mrs. Henrietta Hopp is the Branch Librarian of the County Library, and Miss Avis Lane is Librarian and Supervisor of School Libraries of the Euclid Library System. Among the many study and discussion groups sponsored by the County Library are: The Euclid Camera Club, the Euclid Book Club, the American Heritage Group, the Fifth Year Great Books Club, the Seventh Year Great Books Club. A Pre-school Mothers Discussion and Study group meets every Friday morning while the pre-school children meet for County Library.

The facilities of the clubhouse at Euclid Park are available to all civic and cultural organizations and others having a commendable purpose. These are in almost constant demand. The plan includes two large dining-rooms, one of which is available on occasion to organizations. A kitchen is well equipped and a modern heating plant has been installed, while smaller groups may gather around a huge log fire on chilly evenings. Entrance to the park is at Lake Shore Boulevard and East 222nd Street.

SERVICE CLUBS

Organizations, like individuals, acting in unison or separately, supply the lifeline and heartbeat to the community in which they function. Euclid, bursting at its seams and teeming with industry, is fortunate in having an abundance of service groups to aid in meeting the expanding civic and social horizons. The purposes served are so diversified that whether you're a "smoke eater" or a "sound mellon man" you'll find one that will satisfy your taste and offer you a chance to better your community. So, if you have felt that you've been playing the left-out position too long, then get on the team with one or more of the people who make Euclid a better place for better living . . . through hard work!

EUCLID LAKE SHORE LIBRARY

The Euclid Lake Shore Public Library, located at 264 East 222nd Street, is a major branch of the Cuyahoga County Public Library System.

The County Library was established by a vote of the people in 1924, and it has grown from the first four books to arrive from the publishers to a collection of over 675,000, and is the third largest Public Library system in the State of Ohio. This collection is available to every person living, working, or giving to school in the county.

The Village of Euclid was among the first towns to ask for library service. Mrs. Florence Slater Clark, submitted a petition January 5, 1925 from the Village of Euclid, The Board of Education, The Euclid Civic Association, The East Shore Community Club, and the Parent-Teacher Association, asking the County Library for service in Euclid. Libraries were established in the three schools — Central, Euclid Shore and Roosevelt. Continuous service to the Euclid schools

includes the parochial schools. There is the Lake Shore Village Branch in Briardale, with Mrs. Mary Schubert as librarian. Seven Bookmobiles make regular trips every week to five places.

The Euclid Lake Shore Branch was established on Lake Shore Boulevard August 19, 1942 with Miss Margaret Gleason as Librarian. Miss Adria Humphreys is the present librarian at 264 East 222nd Street. Last year the voluntary borrowing of materials was well over the 112,000 mark. To maintain excellent service there is a specially trained children's librarian, a reference librarian, and several desk assistants. Over ten thousand people meet annually in the library club rooms. The library sponsors the Great books discussion groups as well as other activities including story hours for all age children, a Golden Age Club, group discussions for mothers of pre-school children, film programs and book clubs. The librarians are available for programs, as well as program planning.

The library welcomes you on Monday, Tuesday, Thursday, Friday, 10 A.M.-9 P.M. Wednesday and Saturday 10 A.M.-6 P.M.

HISTORY OF THE EUCLID RED CROSS BRANCH

During the early part of the year 1954, a small group of citizens met to discuss the need for and possibility of organizing a branch of the American Red Cross in the City of Euclid. Discussion ended in action and numerous letters were mailed to heads of organizations, prominent citizens, and former Red Cross workers, inviting them to attend a meeting of people who felt the need of a branch organization and who had an interest in Red Cross for the Euclid community. The meeting was held and the program of the American Red Cross was presented by the Greater Cleveland Red Cross Chapter personnel. The assembled group felt that the City of Euclid could make a more effective contribution to the American Red Cross through a Branch organization within the city and voted for developing the organization. It was at this meeting that the Euclid Red Cross Branch was born. A nominating committee was named and a meeting was called for a few weeks later.

It was during the month of April 1954, that the organizational meeting was held and the Branch Officers and Directors selected. The first officers of the Euclid Branch were as follows: Dale E. Mansperger, Chairman; Mrs. Loyal Luikart, First Vice Chairman; Mrs. Joseph W. Jablon, Second Vice Chairman; and Mrs. Louis Eisenberg, Secretary-Treasurer.

Prior to the establishment of the Euclid Branch organization, many people in Euclid had worked on Red Cross activities through the

Greater Cleveland Chapter. All fund campaigns, first aid activities and water safety programs were conducted by the Greater Cleveland Chapter with the help of Euclid citizens. After the Euclid Branch was developed, the General Board of the Branch voted to assume the full responsibility for developing the organization to make contacts for the American Red Cross with residents; with religious, civic, fraternal, and other organizations; with school groups; and with commercial, business and industrial establishments within the Euclid City Limits.

The success of this approach has been demonstrated by the manner in which the 1955 annual fund drive and the community blood program has been conducted. Euclid is the only community within the territory covered by the Greater Cleveland Red Cross Chapter where the citizens within the community have had full responsibility for organizing the annual Red Cross Fund Campaign. In spite of some confusion in the transition from customary campaign practices where all personnel was Cleveland Chapter organized, a substantial increase in the Red Cross contribution was experienced. The community has accepted and is meeting a schedule of quarterly visits by the Red Cross Bloodmobile.

The annual achievement report of the Euclid Red Cross Branch appearing in the June 30, 1955 issue of the Euclid News-Journal reports other activities of this group.

MARY MAVEC

EUCLID OPPORTUNITY SCHOOL

The Euclid Opportunity School opened in January of 1947 under the direction of the Cuyahoga Council for the Retarded Child with the cooperation of the Euclid Board of Education, Euclid City Council and sponsored by the Kiwanis Club of Euclid. In October of 1950 the Euclid Council for the Retarded Child was organized and with Mr. John Luikart as President, assumed the administration of the School. City-wide interest in the project was shown and on April 22, 1953 the Council was incorporated under the laws of the State of Ohio.

Figuratively bursting its seams with a capacity class of 12 and a steadily growing waiting list, the school had outgrown its quarters—the little white cottage known as the "Euclid Health Center" building by the fall of 1951. On election of Robert E. Gill as Council President in January of 1953, the need of larger quarters could no longer be ignored. This problem he placed before the new Board of Trustees. Interest of the Community was emphasized when at the second meeting of the Trustees, Edward L. Davison reported that he had interested one of Euclid's outstanding building contractors in the project, Mr. Frank Mavec. Mr. Mavec after observing crowded conditions in the school, generously offered to construct, at his own expense, a new building capable of handling more children. His one stipulation that it should be named in his mother's honor. Ground for the new building was broken on June 1, 1953. In September the class at the invitation of the Euclid Knights of Columbus, resumed their regular studies in the Knights of Columbus building. The end of November found the new Mary Mavec Euclid Opportunity School building completed and on December 1, 1953 was occupied by one full time class of 12 children and an advanced class of 4 part-time students. On December 13, 1953 the building was fittingly dedicated with Mr. Davison as Master of Ceremonies, and keys to the building turned over to the Council President Mr. Gill. Immediately plans and preparations were made for bringing into the school children who had long been registered with the Council. Another teacher was employed, equipment provided and on May 10th 7 new children came into the school to begin their adjustment to a more normal life.

Here in the Opportunity School the mentally retarded child competes with others of his own mental level, adjusts to group activity and becomes a more socially acceptable citizen. For here is recognized the problem of the child with an Intelligent Quotient below 50, whose mental age has not kept pace with his chronological age. Not for these children the schedule of progress and achievement as is prescribed for the normal school child. But rather a flexible routine fitted to the child's needs and abilities. At times endless repetition and adjustment to fit a short attention span. For some the adjustment to group activities, both work and play; for another help in muscular co-ordination along with recognition of colors, objects, letters, figures and etc. For a few some academic work that may not exceed the level of the average second or third grade. But this is his mental capability and he is encouraged to express it and develop it to its fullest capacity. Every effort is made to train and educate each individual to the limit of his ability, field trips to acquaint him with his community, sports activities for co-ordination, care and handling in school equipment to develop his sense of responsibility and independence, film strips for visual aid in phonics. Every means available are used to develop each child's potential.

Euclid may well be proud of this Opportunity School, supported by voluntary contributions from various individuals, organizations and industrial groups as well as the tuition paid by the parents of each child attending. It is unique in being the only such school in the State of Ohio located in its own debt free building. The building now houses the two full time classes and is prepared to add another as soon as the necessity becomes evident.

The 1954 Executive Board of the Euclid Council for the Retarded Child is comprised of Robert E. Gill, president, now serving a second busy and successful year; Edward L. Davison, vice-president, primarily responsible for acquisition of the new building; Madeline Compton, treasurer; Georgia Illner, secretary; Anne Krenn; Dr. Saul H. Markman and Anthony J. Lang.

HOSPITALS

The Euclid-Glenville Hospital is one of Euclid's outstanding buildings—and it is its tallest, being seven stories high. It was completed in December, 1952, and already has achieved a reputation for splendid service to the community. Over 26,000 persons received treatment at the hospital last year, 10,000 of them as bed patients. Already the need for enlargement is apparent, and plans are being made to add another 120 beds.

The hospital, consisting of 225 beds, is unique in many respects, being the first square hospital ever built; this design enhances maximum efficiency. It contains extensive electronic equipment, and was the first hospital in the world to pipe television and radio to every bed. Its Emergency Room is open 24 hours each day; 10,000 persons received emergency care here last year.

The operating personnel number 425, and there are almost 200 doctors associated with the hospital, representing all branches and specialties of medicine and surgery.

In addition to being noted for its interior beauty, the hospital is located in a beautifully wooded 14-acre scenic site on the shore of Lake Erie at East 185th Street.

On the same site is the hospital's nurses residence, which was completed in 1953, and which houses 40 nurses, nine interns and residents.

The hospital, which has earned national recognition for its progressive innovations, is sponsored by a non-profit association of 250 civic and business leaders. It is governed by a Board of Trustees consisting of outstanding executives, headed by Kent H. Smith, Chairman of the Board of Lubrizol Corporation. Jay W. Collins is Executive Director.

REAL ESTATE—Northeast Multiple Listing Service

(Most Successful Method of Merchandising Real Estate)

GROWS WITH THE CITY!!

IN 1955!!

IN EUCLID!!

MULTIPLE LISTING SERVICE has increased 100% in number of offices, salesmen and service in the past year.

THANK YOU EUCLID!!!

SELLERS PLEASE NOTE:

1. By listing property in MLS you employ 32 REALTOR offices comprising 300 salespeople.
2. You pay only one scheduled Real Estate Board rate of commission.
3. Each office governed by the strict codes of ethics of the Real Estate Board and the Multiple Listing Services.

BUYERS PLEASE NOTE:

1. See pictures and read complete detailed information of all MLS REALTORS listings in any of 32 convenient offices.
2. Save time and money.
3. Satisfaction through the dependable service of your MLS REALTOR guaranteed.

Street Map of Euclid—Pages 48 and 49.

"Let's Pump Over to the Thompson AUTO ALBUM and AVIATION MUSEUM"

CHESTER AVENUE & EAST 30th STREET, CLEVELAND

SPEND AN HOUR IN YESTERDAY with over 100 rare old models that raised dust on the highways when automobiles were "horseless carriages" . . . and with historic planes that pioneered the way for modern aviation. Cleveland's first industrial museum, filled with automotive and aircraft curiosities. Open every day of the year except legal holidays—Weekdays 11:00 A.M. to 5:00 P.M.—Sundays, 1:00 to 5:00 P.M. ADMISSION FREE. Bring your family and friends.

MAIN STREET 1898

A nostalgic adjunct of the museum proper, populated with wax figures, all busy with their chores and stores — the life-size reincarnation of the streets and sights of a typical small town main street a half century ago.

*Why Search the Town for Your
Bridal Gown?*

Come . . . see the loveliest
creations . . . the largest
selections . . . in the Bridal
Salon at Peter Pan!

Shown is a gown of fragile
beauty . . . with tiered
drifts of nylon tulle, deli-
cately embroidered, with
an exciting pannier effect.
The tiered motif is re-
peated at the neckline.

Bridal Gowns from \$59.00
Bridesmaid Dresses
from \$25.00
